

SYED HAMZA AFZAAL

SOFTWARE ENGINEER (FINAL YEAR STUDENT)

+923272738970

hamzaafzaal669@gmail.com

District Malir, Karachi

OBJECTIVE:

Motivated and detail-oriented Software Engineering undergraduate (6 Semesters Completed, CGPA: 3.76) seeking opportunities to apply programming, problem-solving, and analytical skills in a professional environment. Eager to contribute to real-world software development projects, learn industry best practices, and grow as a software engineer while working collaboratively within dynamic teams.

EDUCATION

Bachelor's in Software Engineering
(in Progress)

CGPA: 3.76

Bahria University, Karachi Campus

FSC (2023)
Federal Board (Pre Engineering)
Percentage: 87 %

Bahria College Karsaz, Karachi

Matriculation
(2021) Federal
Board Percentage:
93.99 %

Bahria College Karsaz, Karachi

TECHNICAL SKILLS

Programming Languages and Frameworks :

Flutter Framework & Dart Programming, C#, MERN Stack, Java, Python, HTML, CSS, Tailwind CSS, JavaScript, Linux Shell scripting, ASP.NET, .NET Console Applications

Databases :

SQL Server, Database Design & Management, MongoDB

Tools & IDEs :

Visual Studio, Apache NetBeans, Anaconda Jupyter Notebook, SQL Server Management Studio, Arduino IDE, Google Colab IDE, Proteus.

PROJECTS

1. Weather App (Flutter)

- Flutter app using OpenWeather API & Firebase (Auth, Firestore, FCM)
- Real-time weather, GPS, 5-day forecast, offline cache, unit toggle.

2. Pharmacy Management System

- GUI-based C# application developed using 3-Tier Architecture with proper database management via SQL Server Management Studio.

3. Smart Dairy Farm Management System

- Java-based management system integrated with SQL Server via ODBC Driver for efficient data storage and retrieval.

4. Restaurant Management System (Desktop Application)

- Developed a C# GUI-based system using Visual Studio with file handling concepts.

5. Airline Shortest Path System

- GUI-based C# application implementing Dijkstra's Algorithm to calculate shortest routes across Pakistani airports.

6. Restaurant Management System (Website)

- Designed and developed a responsive website using HTML, CSS, and JavaScript to manage restaurant information and operations.

CORE SKILLS

- Problem Solving & Analytical Thinking
- Object-Oriented Programming (OOP)
- Data Structures & Algorithms (Fundamentals)
- Mobile App Development (Flutter)
- Data Science Fundamentals
- Team Collaboration & Time Management
- Communication Skills (English & Urdu)

ACADEMIC HIGHLIGHTS

- Strong foundation in Object-Oriented Programming
- Hands-on experience with database-driven applications
- Exposure to software design principles and development lifecycle

INTEREST

- Software Development
- Learning New Technologies
- Front end and Backend Application Development
- Problem Solving Challenges
